DESIGN

Colour means something

Every colour in the planner tells you what kind of page you are on, so you can find your way at a glance.

Blue
Planning: year, month, week, day, appointments, to do

Red
Important: reminders, holidays, top priorities

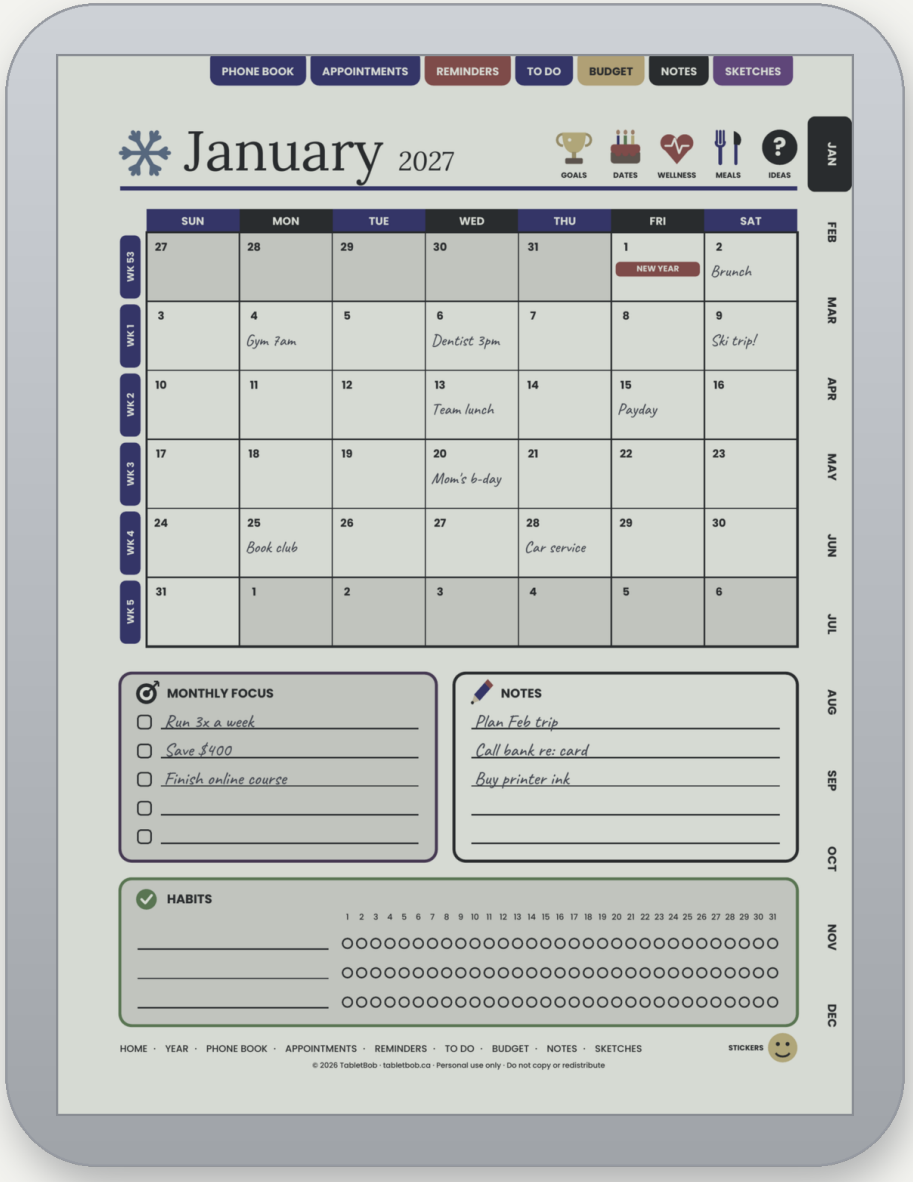

Orange
Money: budget and things to buy

Green
Wellness: tracker, nutrition, meals, recipes

Purple
Goals: monthly focus and reflection

Black
Writing space: notes, ideas, sketches

Only native Paper Pro colours are used, so blocks render solid, not dotted.
